### **Vision**

Scholar Academy will work to develop a student's intellectual abilities, leadership, creativity and healthy lifelong practices.

### **Motto**

Achieving Excellence Together.

This Policies and Procedures Manual ensures the implementation of special education services in Scholar Academy. It is to be used in coordination with the Utah State Board of Education Rules, the Utah State Office of Education Special Education Guidelines for Specific Learning Disabilities, Caseloads, and the Least Restrictive Behavioral Interventions Technical Assistance Manual.

## General Policy Statement

It is the policy of Scholar Academy to adhere to and comply with federal and state laws and rules as they pertain to students with disabilities and the provision of a free, appropriate public education to all students within the school, regardless of the nature or severity of the disability.

Due process rights of students with disabilities and their parents under IDEA 2004, Section 504 of the Rehabilitation Act and ADA are required. Students may be identified as disabled under these laws even though they may not require specialized educational services. Confidentiality of student information and access to student files will meet the standards of the Family Educational Rights and Privacy Act (FERPA) and the Utah Ethics Act.

Scholar Academy is required to develop Special Education policies and procedures in the following areas:

- Specific Learning Disabilities (SLD) Eligibility
- Caseloads
- Least Restrictive Behavioral Interventions (LRBI)

Scholar Academy recognizes the Documents set forth by the Utah State Board of Education on each of these areas and accepts them as best practice; following them as set forth. Scholar Academy's Special Education Policies and Procedures Manual (August 2019) is on file in the school's manual book and at the Utah State Board of Education.

The purpose of this manual policy is to ensure students with disabilities or suspected disabilities will be identified, evaluated, and provided appropriate educational services and/or accommodations within the definitions of IDEA 2004, Americans with Disabilities Act (ADA) or Section 504.

1. Scholar Academy, a public charter school, provides a Free Appropriate Public Education (FAPE) to all eligible students with disabilities in conformity with the requirements of the Utah State Board of Education Special Education Rules (USBE SER) and the United States Department of Education Final Regulations for the Individuals with Disabilities Education Act of 2004 (IDEA; August 2006).

  - a. Students with disabilities ages 5 through 21 who attend public charter schools and their parents retain all rights under Part B of the IDEA and the USBE SER.
  - b. Scholar Academy is an LEA (Local Educational Agency) that receives funding under Part B of IDEA, and is responsible for ensuring that all of the requirements of Part B and these Rules are met.
3. Free Appropriate Public Education (FAPE). (USBE SER I.E.15) is defined as special education and related services that:

## II. Identification, Location, and Evaluation of Students Suspected of Having Disabilities

### A. Child Find. 34 CFR §§300.101, 111; USBE SER II.A.

Scholar Academy has policies and procedures to ensure that all students with disabilities enrolled in the school, including students who are highly mobile, students who have been suspended or expelled from school, students who have not graduated from high school with a regular high school diploma, and those who are suspected of being a student with a disability and who are in need of special education or special education and related services even though they are advancing from grade to grade, students in State custody/care, students in nursing homes, and regardless of the severity of the disability. This includes a practical method for determining which students are currently receiving needed special education or special education and related services.

### B. Child Find Procedures. 34 CFR §§300.131; USBE SER II.A.4 .

Scholar Academy conducts the following procedures to ensure that students suspected of having a disability are identified and located:

1. Finding students who have been receiving needed special education or special education and related services.
  - a. The enrollment application includes questions about whether a student has received special education or special education and related services in the previous school or educational program.
  - b. Parents are asked during registration if the students received any services beyond the general program in the previous school.
  - c. If parents respond in the affirmative, a phone contact is made with the previous school to locate the special education records, and a transfer request is made.
  - d. Scholar Academy follows all the procedures detailed on the In-State and Out-of-State Transfer Student Checklist of the USBE.
2. In identifying and locating students who are suspected of having a disability but have not been previously identified or determined eligible for special education or special education and related services, Scholar Academy implements the following procedures:
  - a. Annual training of all staff on the Child Find obligation, and how to be alert for observed behaviors that suggest a suspected disability.
  - b. Notice in a student or parent handbook of the referral procedures and of the availability of services for eligible students with disabilities.

- c. If a parent or staff member is concerned about a student outside the grade levels of Scholar Academy, the parent or staff member is referred to the district of the student's parent's residence.
- 3. Scholar Academy has no responsibility for Child Find for homeschooled or private school students.
- 4. Scholar Academy does not refer its own students to the local school district for Child Find.

**C. Referral. 34 CFR §300.301; USBE SER II.B.**

- 1. Procedure.

When parent(s) or school staff member suspects a student may have a disability, the following referral procedure is implemented:

- a. Teachers implement pre-referral interventions and provide documentation of the results to the Case Management Team (CMT), which includes a general education teacher (see additional description of the CMT in the SLD evaluation process in Section II of this Manual).

Note: Pre-referral interventions may not be used to substantially delay an evaluation for eligibility when a staff member or parent(s) requests an evaluation.

- b. The referring person completes and signs a referral form. If school personnel are making the referral, attach documentation of contacts with the parents about the concerns regarding the student's educational performance.
- c. The referral form is given to the special education director/leader, who reviews the student's existing data with the school principal/director (including pre-referral intervention results and Intervention Management Team recommendations) and determines if the referral should go forward for a full evaluation. If it is decided that the evaluation should take place, the principal/director assigns a staff member to oversee/conduct the evaluation. If the referral is not going to result in a full evaluation, the principal/director or special education director/leader sends the parent a Written Prior Notice of Refusal to take the action of conducting an evaluation.
- d. Scholar Academy responds to each request for evaluation within a reasonable timeframe.

Note: Each school district and charter school shall provide an initial special education assessment for children who enter the custody of the Division of Child and Family Services (DCFS), upon request by that division, for students whose school records indicate that they may have disabilities requiring special education services. This assessment shall be conducted within 30 calendar days of the request by DCFS. 53A-15-304.5.

**D. Evaluation.**

1. Parental Consent. 34 CFR §300.300; USBE SER II.C.

Prior to initiating a full and complete individual evaluation, Written Prior Notice (WPN) and consent from the parent(s) is required and obtained.

- a. The consent informs the parent that the evaluation is being proposed because the student is suspected of having a disability that affects his educational performance and that he/she may be eligible for special education or special education and related services.
  - b. The consent indicates the areas in which the Evaluation Team will conduct tests or administer other assessment tools to the student. Consent for evaluation must not be construed as consent for provisions of special education services.
  - c. Reasonable efforts to obtain parental consent are made and documented by the Scholar Academy.
  - d. For initial evaluations only, if the student is a ward of the State and is not residing with the student's parent(s), Scholar Academy is not required to obtain informed consent from the parent if, despite reasonable efforts to do so, Scholar Academy cannot discover the whereabouts of the parent(s); the rights of the parent(s) of the student have been terminated in accordance with State law; or the rights of the parents to make educational decisions have been subrogated by a judge in accordance with State law and consent for an initial evaluation has been given by an individual appointed to represent the student.
  - e. If the parent(s) of a student enrolled in public school or seeking to be enrolled in public school does not provide consent for initial evaluation, or fails to respond to a request to provide consent, Scholar Academy may, but is not required to, pursue the initial evaluation of the student by utilizing the Procedural Safeguards or the due process procedures in the USBE SER IV.I-P. Scholar Academy does not violate its obligation under Child Find provisions of USBE SER IV if it declines to pursue the evaluation by utilizing the Procedural Safeguards or the due process procedures.
2. When conducting psychological evaluations, Scholar Academy implements the parental consent requirements of UCA 53A-13-302 (Utah FERPA).
  3. Parental consent is not required before administering a test or other evaluation that is given to all students, or before conducting a review of existing data.

4. Written Prior Notice. 34 CFR §300.503; USBE SER IV.D.

The parent(s) of the student is given Written Prior Notice (WPN) that the evaluation will take place. (See Section IV.C of this Policy and Procedures Manual for required components of Written Prior Notice.) Written Prior Notice is embedded in the Scholar Academy Consent for Evaluation form.

5. Parental consent for evaluation is not construed as consent to provide special education or special education and related services.

6. Scholar Academy does not use parent(s)'s refusal to consent to one service or activity to deny the parent(s) or student of any other service, benefit or activity of Scholar Academy.

7. Initial Evaluation. 34 CFR §300.301; USBE SER II.D.

- a. When the signed parental consent or refusal of consent for evaluation is received at the school, the school secretary or special education teacher writes the date it was received on the form. If parental consent is obtained, this date documents the beginning of the timeline for the evaluation.
- b. Scholar Academy completes all evaluations within 45 school days of receiving the consent unless the initial evaluation was requested by DCFS, in which case it is conducted within 30 calendar days. UCA 53A-15.304.5. The 45 school day timeline does not apply if the parent fails to produce the student for the evaluation or refuses to participate in the evaluation activities.
- c. If the student enrolls in Scholar Academy after the timeframe has started in a previous LEA, Scholar Academy must make sufficient progress to ensure prompt compliance in accordance with a written agreement with the parent as to when the evaluation will be completed.

8. Evaluation Process. 34 CFR §300.304; USBE SER II.F.

a. Review of Existing Data.

- i. When conducting an initial evaluation (when appropriate), the Evaluation Team considers existing data on the student's educational performance. This may include student records of grades, courses completed, statewide test results, Scholar Academy-wide test results, classroom assessments, teacher interviews, observations, notes in the student's cumulative file, and any other information available.

b. Administration of Additional Assessments.

Scholar Academy uses a variety of assessment tools to gather relevant functional, developmental, and academic information about the student as part of a full and

individual initial evaluation, as indicated on the Consent for Evaluation form. This information may assist the Eligibility Team in determining whether the student is a student with a disability. Also, the information informs the IEP Team of the student's educational needs, including information relating to enabling the student to be involved in and make progress in the general education curriculum. Finally, the information supports the development of the contents of the IEP

- c. In addition, the special education staff administers assessments in other areas as part of a full and individual initial evaluation, as indicated on the Consent for Evaluation, in order to determine eligibility and the student's educational needs. The test administration follows all of the requirements of the USBER SER II.F, including:
  - i. Use of more than one procedure, assessment, and other evaluation materials tailored to assess specific areas of educational need and not merely those that are designed to provide a single general intelligence quotient;
  - ii. Use of technically sound instruments that may assess the relative contribution of cognitive and behavioral factors in addition to physical or developmental factors and consider the publication date and continued validity of assessments in use when new editions are published;
  - iii. Selection of tools which are not discriminatory on a racial or cultural basis;
  - iv. Administration in student's native language or other mode of communication, and in the form most likely to yield accurate information on what the student knows and can do academically, developmentally, and functionally, unless it is clearly not feasible to do so;
  - v. Administration of assessments to address specific areas of concern identified by the evaluation team including the parent(s);
  - vi. Use of assessments for the purposes intended and in accordance with the publisher's administration standards;
  - vii. Selection, administration, and interpretation by trained and knowledgeable personnel in accordance with any instructions and administrator requirements provided by the producer of the assessments and the *Standards for Educational and Psychological Testing* (AERA, ACA, NCME, 2014);
  - viii. Administration of psychological testing and evaluation of personal characteristics, such as IQ, personality, abilities, interests, aptitudes, and neuropsychological functioning only by personnel who have been trained and fully meet the administrator/use/interpreter qualifications of the test publisher;

- ix. Scholar Academy assurance and documentation that all evaluators meet the assessment publisher’s administrator/interpreter/user requirements for all assessments (e.g. appropriate degree, higher education coursework in tests and measures, and supervised practica);
  - x. Use of tools that assess what they purport to measure and not just the student’s disability;
  - xi. Assessment in all areas related to the student’s suspected disability; and
  - xii. Comprehensive assessment, not just in areas commonly associated with a specific disability.
- d. Specific Categorical Evaluation Requirements.

Evaluations for students suspected in each of the 13 areas of disability include the requirements for evaluation procedures and assessment of student performance in specific areas identified in USBE SER II.J.1-13.

- 9. Scholar Academy contacts the Utah Schools for the Deaf and Blind for assistance with administering and appropriately interpreting assessments for students with visual and/or hearing impairments. USBE SER II.F.2.

**E. Reevaluation Procedures. 34 CFR §300.303; USBE SER II.G**

- 1. Scholar Academy conducts a reevaluation of each student with a disability when the educational or related services needs, including improved academic achievement and functional performance, of a student warrant a reevaluation; or if the student’s parent or teacher requests a reevaluation.
- 2. A reevaluation may not occur more than once a year, unless the parent(s) and Scholar Academy agree otherwise.
- 3. A reevaluation must occur at least once every three years, unless the parent(s) and Scholar Academy agree that a reevaluation is unnecessary as there are data available to continue eligibility and determine the educational needs of the student.
- 4. When the parent(s) and Scholar Academy agree that a reevaluation is unnecessary, the team must document data reviewed and used in an evaluation report and complete an eligibility determination document.
- 5. Parental consent for reevaluations.
  - a. Scholar Academy obtains informed parental consent prior to conducting any reevaluation of a student with a disability, if the reevaluation includes the administration of additional assessments to the student.

- b. If the parent(s) refuses to consent to the reevaluation, Scholar Academy may, but is not required to, pursue the reevaluation by using the dispute resolution procedures provided in the procedural safeguards, and including mediation or due process procedures.
- c. The reevaluation may be conducted without parental consent if Scholar Academy can demonstrate that it made reasonable attempts to obtain such consent and the student's parent has failed to respond. A written record of the attempts is maintained in the student's special education file.

**F. Additional Requirements for Initial Evaluation and Reevaluation Procedures. 34 CFR §300.305; USBE SER II.H.**

1. As part of any initial evaluation (if appropriate) and as part of any reevaluation, the IEP Team and other qualified professionals, as appropriate, must review existing evaluation data on the student. This review may be conducted without a formal meeting. The special education teacher/case manager may review and discuss the existing data with team members and the parent individually. Existing data may include evaluations and information provided by the parents of the student; current classroom-based, local or State assessments, and classroom-based observations; observations by teachers and related services providers; grades; attendance, and other information regarding the student's current educational performance.
2. The IEP Team and appropriate other qualified professionals, based on their data review and input from the student's parents, identifies what additional data, if any, are needed to determine whether the student is or continues to be a student with a disability and the educational needs of the student, and
  - a. The present levels of academic achievement and related developmental needs of the student;
  - b. Whether the student needs special education and related services; or, in the case of a reevaluation of a student, whether the student continues to need special education and related services; and
  - c. Whether any additions or modifications to the special education or special education and related services are needed to enable the student to meet the measurable annual goals set out in the IEP of the student and to participate, as appropriate, in the general education curriculum.
3. If the IEP Team and other qualified professionals, as appropriate, determine that no additional data are needed to determine continuing eligibility and student needs, the parents are given *Written Prior Notice* of that decision and of their right to request additional assessment.
  - a. Scholar Academy then prepares a new *Evaluation Summary Report*, including new and previous data as appropriate, and sends a *Notice of Meeting for Eligibility Determination*.

- b. A new *Eligibility Determination Form* is completed and signed by the team, and the parents are given *Written Prior Notice* of that determination along with a copy of the *Evaluation Summary Report* and the *Eligibility Determination* documents. *Written Prior Notice* is embedded in the *Eligibility Determination* document.
- 4. If the parent requests additional assessment as part of the reevaluation, Scholar Academy obtains written parental consent for the evaluation and then conducts assessment in the areas of educational functioning requested.
  - a. When the additional assessment is completed, Scholar Academy then prepares a new *Evaluation Summary Report*, including new and previous data as appropriate, and sends a *Notice of Meeting for Eligibility Determination*.
  - b. A new *Eligibility Determination Form* is completed and signed by the Team to indicate participation in the meeting, and the parents are given *Written Prior Notice* of that determination along with a copy of the *Evaluation Summary Report* and the *Eligibility Determination* documents. *Written Prior Notice* is embedded in the *Eligibility Determination* document.
- 5. Evaluations before change in eligibility. 34 CFR §300.305; USBE SER II.H.6.
  - a. Scholar Academy evaluates students with disabilities before determining that students are no longer eligible for special education or special education and related services. However, an evaluation is not required before the termination of a student’s eligibility due to graduation from secondary school with a regular diploma, or due to the student’s reaching age 22, as provided under State law.
  - b. For a student whose eligibility terminates due to graduation from secondary school with a regular high school diploma or due to exceeding the age eligibility for FAPE under State law, Scholar Academy provides the student with a summary of the student’s academic achievement and functional performance, including recommendations on how to assist the student in meeting the student’s postsecondary goals.
- 6. Parental consent is not required before:
  - a. Reviewing existing data as part of an evaluation or a reevaluation; or
  - b. Administering a test or other evaluation that is administered to all students unless, before administration of that test or evaluation, consent is required of parents of all students.

**G. Evaluation Timelines. 34 CFR §§300.301, 303; USBE SER II.D., II.G.**

- 1. An initial evaluation must be completed within 45 school days of the date the school receives parental consent for the evaluation.

2. Upon completion of the evaluation or reevaluation, the IEP Team and other appropriate professionals determine eligibility within a reasonable time.
3. A reevaluation:
  - a. May not be conducted more than once a year, unless the parent(s) and Scholar Academy agree otherwise; and
  - b. Must occur at least once every three (3) years, unless the parent(s) and Scholar Academy agree that a reevaluation is unnecessary.

**H. Eligibility Determination. 34 CFR §300.306; USBE SER II.I.**

1. Notice of Meeting.

Upon completion of the evaluation, the special education teacher (case manager) arranges a meeting of the eligibility team at a mutually agreeable time and place. A Notice of Meeting will be sent to the parent(s) and other members of the team stating the meeting purposes, time, place, who is expected to be in attendance, and letting the parent(s) know that they may bring others who have knowledge of the student to the meeting.

2. Evaluation Summary Report.

The special education case manager collects all of the results of the evaluation, and writes a summary report of the evaluation information. This Evaluation Summary Report is included in Scholar Academy's Eligibility Determination document for each disability category.

3. Eligibility Team Membership.

The Eligibility Team shall include a group of qualified professionals and the parent(s). In the Scholar Academy, this may include the special education teacher, general education teacher, speech-language pathologist, school psychologist, occupational therapist, physical therapist, a representative of Scholar Academy, and others who have conducted parts of the evaluation, as appropriate.

4. Eligibility Categories, Definitions, and Criteria.

Scholar Academy has adopted the definitions, evaluation requirements, and eligibility criteria in USBE SER.II.J.1-13.

5. Specific Learning Disability (SLD).

Scholar Academy has selected the Combination method of determining whether a student has a Specific Learning Disability. 34 CFR §300.307; USBE SER II.J.10.b-h.

- a. Team members. 34 CFR §300.308; USBE SER II.J.10.b(2).

The determination of whether a student suspected of having a specific learning disability is a student with a disability must be made by the student's parent(s) or adult student and a team of qualified professionals, including:

- (1) The student's general teacher; or
  - (2) If the student does not have a general teacher, a general classroom teacher qualified to teach a student of the student's age; and
  - (3) At least one person qualified as defined by the examiner qualifications outlined in the administration manual of each of the specific diagnostic examinations to conduct individual diagnostic examinations of students and interpret the results of those assessments (as per the administration assessment criteria), such as a school psychologist, speech/language pathologist, reading teacher or reading specialist, or special education teacher.
- b. Determining the existence of a specific learning disability. 34 CFR §300.309; USBE SER II.J.10.b(3).

The team described may determine that a student has a specific learning disability if:

- (1) The student does not achieve adequately for the student's age or to meet State-approved grade-level standards, when provided with learning experiences and instruction appropriate for the student's age or State-approved grade-level standards, in one or more of the following areas:
  - (a) Oral expression;
  - (b) Listening comprehension;
  - (c) Written expression;
  - (d) Basic reading skills;
  - (e) Reading fluency skills;
  - (f) Reading comprehension;
  - (g) Mathematics calculation;
  - (h) Mathematics problem solving; and
- (2) For the combination method, the student meets the requirements of:
  - (a) Response to Intervention (RtI) Method.

The student does not make sufficient progress to meet age or State-approved grade-level standards in one or more of the areas identified above when using a process based on the student's response to scientific, research-based intervention (The team must refer to the *USBE Specific Learning Disability Eligibility Guidelines* when using this method.); and
  - (b) Discrepancy Method.

The student's scores demonstrate that a severe discrepancy exists between the student's intellectual ability and achievement in one or more of the areas of specific learning disability listed above.

(3) The group determines that its findings are not primarily the result of:

- (a) A visual, hearing, or motor disability;
- (b) Intellectual disability;
- (c) Emotional disturbance;
- (d) Cultural factors;
- (e) Environmental or economic disadvantage; or
- (f) Limited English proficiency.

c. The learning disability must adversely affect the student's educational performance.

d. The student with the learning disability must need special education or special education and related services. 34 CFR §300.8(a).

2. Evaluation. 34 CFR §300.309(b-c); USBE SER II.J.10.c.

- a. An evaluation must include a variety of assessment tools and strategies and cannot rely on any single procedure as the sole criterion.
- b. To ensure that underachievement in a student suspected of having a specific learning disability is not due to lack of appropriate instruction in reading or math, the group must consider, as part of the evaluation:

- (1) Data that demonstrate that prior to, or as a part of, the referral process, the student was provided appropriate instruction in general education settings, delivered by qualified personnel; and
- (2) Data-based documentation of repeated assessments of achievement at reasonable intervals, reflecting formal assessment of student progress during instruction, which was provided to the student's parent(s) or adult student.

Scholar Academy promptly requests parental or adult student consent to evaluate the student to determine whether the student is a student with a disability and needs special education or special education and related services, and must adhere to the 45-school-day evaluation timeframe, unless extended by mutual written agreement of the student's parent(s) or adult student and a group of qualified professionals:

- (3) If, prior to a referral, a student has not made adequate progress after an appropriate period of time as determined by Scholar Academy when provided appropriate instruction, and

(4) Whenever a student is referred for an evaluation.

c. Observation. 34 CFR §300.310(a–c); USBE SER II.J.10.c.(4).

Scholar Academy ensures that the student is observed in the student’s learning environment (including the general classroom setting) to document the student’s academic performance and behavior in the areas of difficulty.

(1) The team must decide to:

(a) Use information from an observation in routine classroom instruction and monitoring of the student’s performance that was done before the student was referred for an evaluation; or

(b) Have at least one member of the team conduct an observation of the student’s academic performance in the general classroom after the student has been referred for an evaluation and parental consent or consent of the adult student is obtained.

(c) In the case of a student who is out of school, a group member must observe the student in an environment appropriate for a student of that age.

d. Specific documentation for the eligibility determination. 34 CFR §300.311; USBE SER II.J.10.c.(5).

The team’s documentation of the determination of eligibility with a specific learning disability must contain a statement of:

(1) Whether the student has a specific learning disability;

(2) The basis for making the determination;

(3) The relevant behavior, if any, noted during the observation of the student and the relationship of that behavior to the student’s academic functioning;

(4) The educationally relevant medical findings, if any; and

(5) Whether the student meets the criteria for both the Response to Intervention and Discrepancy methods below:

(a) Response to Intervention (RtI) Method. 34 CFR §300.311(a)(7); USBE SER II.J.10.c.(5)(f).

Scholar Academy has a process that assesses a student’s response to scientific, research-based intervention as part of determining if the student has a specific learning disability. This process includes:

- i. High quality research-based instruction delivered by qualified staff in the general education setting; and
  - ii. Assessment of student performance that specifically includes universal screening and progress-monitoring; and
  - iii. Multiple tiers of evidence-based interventions to address individual student difficulties; and
  - iv. Documentation of systematic and regular parent(s) or adult student, and/or family involvement and communication as well as notification about:
    - (A) The State’s policies regarding the amount and nature of student performance data that are collected and the general education services that are provided (The team refers to the *USBE Specific Learning Disability Eligibility Guidelines* when using this method.);
    - (B) Strategies for increasing the student’s rate of learning; and
    - (C) The parent(s)’ or the adult student’s right to request an evaluation; and
  - v. System supports (e.g., leadership, problem-solving, data management systems, coaching and collaboration, professional development, and measures of fidelity) in place to ensure effective implementation; or
  - vi. The instructional strategies used, and the student-centered data collected; AND
- b) Discrepancy Method. 34 CFR §300.311; USBE SER II.J.10.c.(5)(g).
- Scholar Academy uses a severe discrepancy between the student’s achievement and intellectual ability as part of its process to determine if the student has a specific learning disability, and the team documents:
- c) The student’s performance on a standardized, norm-referenced, individually administered achievement measure in the area of the suspected disability, and
  - d) That the student scored above the intellectual disability range on a standardized, norm-referenced, individually administered measure of intellectual ability, and

- i. The comparison of the standard scores on the tests of achievement and intellectual ability using local board-approved and USBE staff-reviewed discrepancy analysis method.
    - ii. The team documents consideration of the discrepancy analysis and the team’s determination of whether or not it represents a severe discrepancy.
  - e. The determination of the team concerning the effects of a visual, hearing or motor disability; intellectual disability; emotional disturbance; cultural factors; environmental or economic disadvantage; or limited English proficiency on the student’s achievement level.
  - f. The requirements of USBE SER II.D–H are followed.
  - g. Each team member certifies in writing whether the report reflects the member’s conclusion. 34 CFR §300.311(b). If it does not reflect the member’s conclusion, the team member submits a separate statement presenting the member’s conclusions.
- 3. Determining Eligibility. 34 CFR 300.306; USBE SER II.I.
  - a. Using the criteria for each category of disability as described above, the Eligibility Team determines:
    - (1) Whether the student has a disability that adversely affects his educational performance, and
    - (2) Whether the student requires special education or special education and related services.

*Special education* is defined as specially designed instruction to meet the unique needs of a student with a disability and may include related services if they meet the definition of special education. Special education services are services provided to the student and do not include consultation between teacher or monitoring a student’s grades or work completion. 34 CFR §300.39; USBE SER I.E.43.

*Specially designed instruction* is adapting, as appropriate to the needs of an eligible student, the content, methodology, or delivery of instruction to address the unique needs of the student that result from the student’s disability, and to ensure access of the student to the general curriculum, so that the student can meet educational standards of Scholar Academy that apply to all students. 34 CFR §300.39(b)(3); USBE SER I.E.44.
  - b. A student is not determined to be a student with a disability if the determinant factor is:

- (1) Lack of appropriate instruction in reading, including the essential components of reading instruction (phonemic awareness, alphabetic principle, vocabulary, comprehension, and fluency);
  - (2) Lack of appropriate instruction in math; or
  - (3) Limited English proficiency; and
  - (4) If the student does not otherwise meet the eligibility criteria.
- c. Procedures for determining eligibility and determining need.

In interpreting evaluation data for the purpose of determining if a student is a student with a disability and the educational needs of the student, Scholar Academy:

- (1) Draws upon information from a variety of sources, such as aptitude and achievement tests, parent(s) or adult student input, teacher recommendations, physical condition, social or cultural background, and adaptive behavior; and
  - (2) Ensures that information obtained from all of these sources is documented and carefully considered.
- d. The determination of eligibility is documented on the appropriate “Team Evaluation Summary Report and Written Prior Notice of Eligibility Determination” form with signatures of team members.
- e. The parent(s) or adult student is provided with a copy of the Team Evaluation Summary Report and Written Prior Notice of Eligibility Determination document(s).
4. Evaluations before Change in Eligibility. 34 CFR §300.305; USBE SER II.H.6.
- a. Scholar Academy evaluates a student with a disability before determining that the student is no longer an eligible student with a disability.
  - b. Scholar Academy is a K-6 charter school, termination of a student’s eligibility due to graduation from secondary school with a general high school diploma, or due to exceeding the age of eligibility for FAPE under Utah law (i.e., age 22) is not applicable.

6.

### III. IEP Development and Service Delivery

Scholar Academy implements the following policies and procedures to address the IEP requirements of USBE SER III.A–V.

**A. IEP Team Meeting. 34 CFR §300.306; USBE SER III.D.**

1. Within 30 calendar days of the determination of eligibility, the special education teacher/case manager shall arrange a meeting of the IEP Team to develop an IEP at a place and time that is mutually convenient to the parent and Scholar Academy.
2. A Notice of Meeting will be sent to the parent and other members of the team stating the purposes, time, place, who is expected to be in attendance, and letting the parent know that the parent or Scholar Academy may bring others who have knowledge or special expertise about the student to the meeting. The determination of knowledge or expertise of the invited person is made by the party who invited that person.

**B. Parental Opportunity to Participate. 34 CFR §300.322; USBE SER III.G.**

1. Parents are expected to be participants along with school team members in developing, reviewing, and revising the IEP. This includes providing critical information about needs and strengths of their student, contributing to discussions about the student's needs for special education, determining how the student will be involved and make progress in the general curriculum, deciding how the student will participate in the state- and district wide assessments, and deciding what services Scholar Academy will provide and in what settings.
2. When conducting IEP Team meetings, placement meetings, and other administrative matters, the student's parent(s) and Scholar Academy may agree to use alternative means of meeting participation such as video conferencing or conference call.
3. Scholar Academy documents in writing its attempts to get parental participation in IEP meetings. If the parent cannot attend, participation by other means such as teleconference may be used. Parents must be given whatever help they need to understand the proceedings of the IEP meetings, such as interpreters. If Scholar Academy cannot obtain parental participation, it proceeds with the development of the IEP as required by Part B of the IDEA and USBE SER.

**C. IEP Team Membership. 34 CFR §300.321; USBE SER III.E.**

1. Scholar Academy ensures that the team for each student with a disability includes the parent(s), at least one special education teacher of the student, at least one general education teacher of the student, a representative of Scholar Academy, a person who can interpret the results and instructional implications of the evaluation results, and the student,

when appropriate. At the discretion of the parent(s) or Scholar Academy, other individuals who have knowledge or special expertise regarding the student, including related services personnel may also be included as appropriate.

2. If a purpose of the IEP Team meeting is consideration of postsecondary goals for the student and the transition services needed to assist the student in reaching those goals, Scholar Academy invites the student with a disability to attend the student's IEP meeting. If the student does not attend the IEP meeting, Scholar Academy will take other steps to ensure that the student's preferences and interests are considered.
3. To the extent appropriate, with the written consent of the parent(s), Scholar Academy must invite a representative of any participating agency that is likely to be responsible for providing or paying for transition services.
4. The Scholar Academy representative must meet Scholar Academy administrator standards, be qualified to provide or supervise the provision of specially designed instruction to meet the unique needs of students with disabilities, and have knowledge of the general education curriculum and of the availability of resources of Scholar Academy. Scholar Academy may designate a Scholar Academy member of the IEP Team to also serve as Scholar Academy representative, if the above criteria are satisfied.
5. The signatures of team members on the IEP indicate participation in the development of the IEP.

**D. IEP Team Attendance. 34 CFR §300.321; USBE SER III.F.**

1. A required member of the IEP Team is not required to attend all or part of a particular IEP Team meeting if the parent of a student with a disability and Scholar Academy agree, in writing, that the attendance of the member is not necessary because the member's area of the curriculum or related services is not being modified or discussed in the meeting.
2. A required member of the IEP Team may be excused from attending all or part of a particular IEP meeting when the meeting does involve a modification to or discussion of the member's area of the curriculum or related services, if the parent and Scholar Academy consent to the excusal in writing; and the member submits written input into the development of the IEP to the parent and the IEP Team, prior to the meeting.

**E. Notice of Meeting. 34 CFR §300.322; USBE SER III.G–H**

1. Scholar Academy takes steps to ensure that one or both of the parents of a student with a disability is present at each IEP Team meeting or are afforded the opportunity to participate, including:
  - a. Notifying parent(s) of the meeting early enough to ensure that they will have an opportunity to attend and

- b. Scheduling the meeting at a mutually agreed-on time and place.
- 2. If the parent(s) cannot attend, Scholar Academy uses other methods to ensure participation of the parent(s), including individual or conference telephone calls. The parent(s) of a student with a disability and Scholar Academy may agree to use alternative means of meeting participation, such as video conferences and conference calls. 34 CFR §300.328.
- 3. A meeting may be conducted without parent(s) in attendance if Scholar Academy is unable to convince the parent(s) that they should attend. In this case, Scholar Academy must keep a record of its attempts to arrange a mutually agreed-on time and place, such as:
  - a. Detailed records of telephone calls made or attempted and the results of those calls;
  - b. Copies of correspondence sent to the parent(s) and any responses received; and
  - c. Detailed records of visits made to the parent(s)' home or place of employment and the results of those visits.
- 4. Scholar Academy takes whatever action is necessary to ensure that the parent(s) understands the proceedings of the IEP Team meeting, including arranging for an interpreter for parent(s) with deafness or whose native language is other than English.
  - a. Under 53A-26a-301, an individual is required to be certified as an interpreter if that interpreter provides interpreter services, unless they meet the exemptions included in 53A-26a-305.
- 5. The parent(s) of a student with a disability is a participant along with school personnel in developing, reviewing, and revising the IEP for the student. This is an active role in which the parent(s):
  - a. Provides critical information regarding the strengths of the student and expresses their concerns for enhancing the education of the student;
  - b. Participates in the discussion of the student's need for special education or special education and related services, and supplementary aids and services; and
  - c. Joins with other participants in deciding how the student will be involved and progress in the general curriculum, how the student will participate in State and school-wide assessments, and what services Scholar Academy will provide to the student and in what setting.

**F. IEP Timelines. 34 CFR §§300.323, 324; USBE SER III.B., III.I**

- 1. Scholar Academy ensures that an IEP is in effect for each identified student with a disability prior to the beginning of the school year.

2. Each student's IEP is reviewed and revised at least annually. The IEP Team reviews the IEP at least annually to determine whether the annual goals for the student are being achieved.
  - a. The team may decide to meet at the request of the parent or other IEP Team member to revise the IEP to address lack of expected progress toward annual goals and lack of progress in the general curriculum, the results of any reevaluation, information about the student provided to or by the parents, the student's anticipated needs, or other matters.
3. An IEP is developed within 30 calendar days of initial determination that a student is an eligible student with a disability.
4. Once parental consent for the initial provision of special education or special education and related services is obtained, the special education services, related services, and supplementary aids and services are provided as soon as possible.

**G. Transfer Students. 34 CFR §300.323; USBE SER III.C.**

1. Scholar Academy provides a student transferring from another LEA in or out of the state with comparable services to those listed on an existing IEP while it determines next needed steps in accordance with the In-State and Out-of-State Transfer Student Checklist on the USBE website.
2. If an evaluation for eligibility is determined to be needed, that evaluation is considered an initial evaluation and follows the required procedures and timelines for such an initial evaluation. USBE SER III.C.2.b.
3. The requirements of USBE SER III.C also apply for students transferring from an LEA placement to a local juvenile correctional facility or temporary State placement for observation and assessment.

**H. IEP Development and Content. 34 CFR §§300.320, 324, 300; USBE SER III.I–J.**

1. The IEP Team will develop an IEP that is reasonably calculated to confer a free appropriate public education for the student.
2. In developing the IEP, the IEP Team must consider the student's strengths, parental concerns for enhancing the student's education, evaluation results, academic development and functional needs, and special factors.
3. The IEP must include:
  - a. A statement of the student's present level of academic achievement and functional performance (PLAAFP), including baseline data on achievement and how the student's disability affects the student's involvement and progress in the general curriculum (i.e., the same grade-level curriculum as for non-disabled students). For

students who are blind, the statement should also include results from a braille-related or braille skills assessment. UCA 53A-25a-104.

- b. Measurable annual goals, including academic and functional goals, based on the present level statement that enable the student to be involved and make progress in the general education curriculum and addressing each of the student's educational needs resulting from the student's disability.
  - i. For eligible students with significant cognitive disabilities who will participate in grade-level alternate achievement standards (i.e., Essential Elements), the parent(s) is notified that the student's academic achievement will be measured through an assessment of the grade-level Utah alternate achievement standards, such as the Dynamic Learning Maps (DLM) or the Utah's Alternate Assessment (UAA), and how participation in such alternate achievement assessments may delay or otherwise affect the student from completing the requirements for a regular high school diploma. Short term objectives are included for students who will participate in a statewide alternate assessment, such as the Dynamic Learning Maps (DLM) or the Utah's Alternate Assessment (UAA), and for other students if determined needed by the IEP Team.
- c. How progress on the goals will be measured and reported to the parents on a periodic basis.
- d. The special education or special education and related services, and the supplementary aids and services (including assistive technology) to be provided to the student or on behalf of the student, based on peer-reviewed research to the extent practicable; and the program modifications or supports for school personnel that will be provided to enable the student to make progress on the IEP goals and in the general curriculum, to participate in extracurricular and other nonacademic activities, and to be educated and participate with other students with disabilities and without disabilities.
- e. Program options. 34 CFR §300.110.

Scholar Academy takes steps to ensure that its students with disabilities have available to them the variety of educational program and services available to nondisabled students, including art, music, industrial arts, consumer and homemaking education, and vocational education.

- f. An explanation of the extent, if any, to which the student will not participate with other similar-aged nondisabled students in the general education environment and in the activities listed above.
- g. The dates that services, accommodations, and program modifications will begin and end (no more than one year from the date of the IEP); and the frequency, location,

and amount of each service listed. Services listed must be specific, such as “reading comprehension,” not “resource.”

- h. Consideration of special factors as follows:
  - i. In the case of a student with limited English proficiency, consider the language needs of the student as those needs relate to the student’s IEP;
  - ii. In the case of a student who is blind or visually impaired, provide for instruction in Braille and the use of Braille unless the IEP Team determines, after an evaluation of the student’s reading and writing skills, needs, and appropriate reading and writing media (including an evaluation of the student’s future needs for instruction in Braille or the use of Braille), that instruction in Braille or the use of Braille is not appropriate for the student;
  - iii. Consider the communication needs of the student, and in the case of a student who is deaf or hard of hearing, consider the student’s language and communication needs, opportunities for direct communications with peers and professional personnel in the student’s language and communication mode, academic level, and full range of needs, including opportunities for direct instruction in the student’s language and communication mode;
  - iv. Consider whether the student needs assistive technology devices and services in school and on a case-by-case basis, in a student’s home and other setting; and
  - v. In the case of a student whose behavior impedes the student’s learning or that of others, consider the use of positive behavioral interventions and supports, and other strategies, to address that behavior.
    - (A) When making decisions on behavioral interventions, the IEP Team should refer to the *USBE Least Restrictive Behavioral Interventions Technical Assistance Manual (LRBI) Technical Assistance (TA) Manual* for information on research-based intervention procedures.
    - (B) Emergency safety interventions may only be included in an IEP as a planned intervention when the IEP Team agrees that less restrictive means which meet circumstances in R277-608 have been attempted, a functional behavior assessment (FBA) has been conducted, and a positive behavior intervention plan based on data analysis has been developed and implemented. R277-609.
    - (C) The purpose of the LRBI TA Manual related to the use of positive behavioral supports and behavioral inventions is to protect the safety and well-being of all students, provide protection for students, teachers, other school

personnel, and LEAs, and ensure that parent(s) are involved in the consideration and selection of behavior interventions to be used.

(D) When an emergency situation occurs that requires the immediate use of an emergency safety intervention to protect the students or others from harm, the staff shall comply with requirements in R277-609 with regard to time limitations and parental notification.

i. Emergency is defined in Administrative Rule R277-609.

ii. Scholar Academy follows the emergency notification procedures as written.

(E) Scholar Academy ensures that all staff members who interact with students receive the training necessary to effectively implement a continuum of behavioral interventions and supports.

(F) As appropriate, the student should receive a functional behavioral assessment and behavior intervention services and modifications that are designed to address the behavior.

i. If the IEP Team in considering the special factors described above decides that a student needs a particular device or services for educational purposes, which could be an intervention, accommodation, or other program modification in order to receive a FAPE, the team must include these in the IEP.

j. How the student will participate in LEA-wide and statewide assessments:

i. While every student with a disability must participate, an individual student may be determined to participate with some accommodations based on his disability, or with modifications.

ii. Students who have the most significant cognitive disabilities, and meet other criteria in the USBE Assessment Participation and Accommodation Policy, may be assessed with alternate assessments such as the Dynamic Learning Map (DLM) or Utah's Alternative Assessment (UAA) as required by the USBE. The IEP Team must indicate this on the IEP Assessment Addendum, along with the reason that the student cannot otherwise participate in the statewide assessment program.

k. In addition to the required elements of the statewide assessment program, Scholar Academy administers the following school-wide assessments: DIBELS in grades K-6 and CBM in grades K-6. All students, including students with identified disabilities, are included in these assessments. Students with disabilities may participate in the assessments with appropriate accommodations and modifications as determined by the IEP Team and documented in the student's IEP. Alternate assessments for individual students, as determined by the student's IEP Team and documented in

the student's IEP, are provided for students who cannot participate in the school-wide assessment in any other way.

- l. How the student will participate in physical education services, specially designed or adapted if necessary. The student must be afforded the opportunity to participate in the general physical education program available to nondisabled students, unless the student needs specially designed instruction as prescribed in the student's IEP.
- m. IEP Teams should discuss and address, if appropriate, student participation not only in the grade-level Core Standards, but other general education activities and courses (e.g., health and maturation, suicide prevention), as well as the Statewide Online Education program or other online, distance, blended, or competency-based courses, as well as courses taken through Career and Technical Education (CTE) programs and concurrent enrollment. Students with disabilities may require special education and related services and accommodations for equitable participation, in conjunction with Part B of the IDEA, USBE SER, R277-418, and R277-726.
- n. Each IEP Team must determine whether the student will need Extended School Year (ESY) services in order to receive a free appropriate public education.
  - i. This determination in the Scholar Academy will be based on regression and recoupment data collected over at least two breaks in the school year consisting of 4 or more weekdays when there is no school.
  - ii. If the student's recovery from measured regression on pinpointed skills directly related to the IEP goals takes so long that he would not receive FAPE without services during the summer or other school break, the IEP Team must find him eligible for ESY services.
  - iii. Other factors must also be considered in determining if the student needs ESY in order to receive FAPE. These includes but are not limited to:
    - (A) The degree of the student's impairment,
    - (B) The ability of the parent(s) to provide the educational structure at home,
    - (C) The student's rate of progress,
    - (D) The student's physical or behavioral problems,
    - (E) The areas of the student's curriculum that need continuous attention (such as emerging skills),
    - (F) The student's vocational and transition needs,
    - (G) The availability of alternative resources,
    - (H) Whether a requested service is extraordinary to the student's condition,

- (I) Information from parent(s) and other caregivers, and
  - (J) Other available data.
- iv. The IEP Team shall develop a written document that indicates which IEP goals the student will work on during the ESY, what services will be provided, how long and how often the ESY services will be provided, and the setting(s) in which the services will be provided.
  - v. The IEP Team refers to the USBE ESY Technical Assistance Document on the USBE website.
- o. Assistive Technology. 34 CFR §300.105; R277-495; USBE SER III.M

Scholar Academy makes assistive technology devices or assistive technology services, or both, available to a student with a disability if required as part of the student's special education, related services, or supplemental aids and services. School-purchased assistive technology devices may be used in the student's home, if the IEP Team determines, on a case-by-case basis, that assistive technology in the home is required for the student to receive a FAPE.

**I. IEP Team Access to IEP Information. 34 CFR §300.323; USBE SER III.B**

- 1. Scholar Academy makes the student's IEP accessible to each general education teacher, special education teacher, related service provider, and other service provider who is responsible for its implementation. Each teacher and provider is informed of his or her specific responsibilities related to the implementation of the student's IEP and the specific accommodations, modifications, and supports that must be provided for the student in accordance with the IEP.
- 2. Scholar Academy prepares a summary of the present level of academic achievement and functional performance, goals, services, and program modifications and supports for each teacher of the student. This summary is provided to the teacher at the time of initial implementation of the IEP as well as annual updates as appropriate. Teachers keep this information in a secure place to ensure that confidentiality is maintained.

**J. Placement in the Least Restrictive Environment (LRE). 34 CFR §300.114; USBE SER III.P.**

- 1. Placement decisions are made by a group of persons, including the parents and other persons knowledgeable about the student, the meaning of the evaluation data, and the placement options. This group may be the IEP Team, including the parent. The group determines the placement on the continuum of placement options where the student will receive special education or special education and related services.
- 2. Scholar Academy ensures that the parent(s) of each student is a member of any group that makes decisions on the educational placement of the student. If neither parent can participate in a meeting in which a decision is to be made relating to the educational

placement of the student, Scholar Academy will use other methods to ensure their participation, including individual or conference telephone calls or video conferencing. A group may make a placement decision without the involvement of the parent(s) if Scholar Academy is unable to obtain either parent(s)' participation, after repeated and documented attempts to ensure their involvement. 34 CFR §§300.327, 501; USBE SER III.S.

- a. No initial placement and provision of services are put in place without written parental or adult student consent.
3. Placement is determined at least annually, based on the student's present levels of performance, goals, services, and program modifications as detailed in the IEP.
4. Identified students with disabilities including students enrolled in Scholar Academy but placed in public or private institutions or other care facilities (e.g. nursing homes) by the IEP Team, or by parent(s) when FAPE is at issue, shall receive the special education or special education and related services in the Least Restrictive Environment (LRE) to the maximum extent appropriate to meet the student's needs.
5. This means that the student will not be removed from the general education classroom, with general education peers, unless the IEP Team determines that due to the nature and severity of the disability, the student's educational needs cannot be addressed satisfactorily in the general education environment, even with the use of supplementary aids and services. In the case of a student who is deaf or hearing impaired, consideration of a special class or school may be the least restrictive environment in that it provides opportunities for direct communication and instruction in the student's language and communication mode with professional personnel and peers.
6. LRE provisions apply to transition programs and placement.
7. Scholar Academy provides the IDEA required continuum of placement options, including placement in:
  - a. A general education classroom (A student is placed in the grade-level general education classroom and the specialized instruction—and related services, if any—is provided there.),
  - b. A general classroom with itinerant services (A student is placed in the grade-level general education classroom and the specialized instruction—and related services, if any—is provided, in a different setting.);
  - c. A special class (A student is placed in a classroom with other students with disabilities and the specialized instruction—and related services, if any—is provided there.);
  - d. A special school (A student is placed in a separate day school made up solely of students with disabilities and the specialized instruction—and related services, if any—is provided there for more than 50% of the day.);

- e. Home instruction (A student is placed in the student’s home and specialized instruction—and related services, if any—is provided there. The IEP Team determines the amount of service time required for the student to make progress in the general curriculum and on IEP goals.); and
  - f. Instruction in hospitals and institutions (A student is placed in a hospital or institutional setting [often residential] made up solely of students with disabilities and the specialized instruction—and related services, if any—is provided there. The IEP Team determines the amount of service time required for the student to make progress in the general curriculum and on IEP goals.).
8. Scholar Academy provides supplementary services, such as resource or itinerant instruction, in conjunction with placement in the general education classroom, when needed.
  9. In selecting the LRE, consideration is given to any potential harmful effects on the student or on the quality of services that the student needs, and the student is not removed from education in age-appropriate general classrooms solely due to needed modifications in the grade-level curriculum.

**K. Nonacademic Settings, Activities, and Services. 34 CFR §300.117; USBE SER III.U–V**

1. Scholar Academy ensures that each student with a disability participates with nondisabled students in the extracurricular services and activities to the maximum extent appropriate to the student’s needs. This includes meals, recess periods, counseling services, athletics, transportation, health services, recreational activities, special interest groups or clubs sponsored by the school, referrals to agencies that provide assistance to individuals with disabilities and employment of students, including both employment by Scholar Academy and assistance in making outside employment available, and other activities and services of the Scholar Academy.
2. Scholar Academy ensures that each student with a disability has the supplementary aids and services determined by the student’s IEP Team to provide the nonacademic and extracurricular services and activities in such a way that students with disabilities are given an equal opportunity to participate.
3. A student with disabilities (under the age of 20) who has not graduated from high school with a regular high school diploma, whose IEP Team recommends participation, may not be denied the opportunity of participation in public school programs or extracurricular activities solely because of the student’s age unless the participation threatens the health or safety of the student. Scholar Academy, in cooperation with the Utah Department of Health shall establish criteria used to determine the health and safety factor. UCA 53A-15-303.5

**L. Parental Consent for Initial Placement and Provision of Services. 34 CFR §300.300; USBE SER III.T**

1. In order for the IEP to be implemented and the special education services the team has decided on to begin, written parental consent must be obtained. If the parent refuses consent for the provision of those services, Scholar Academy may not implement the IEP and may not access due process procedures.
2. Scholar Academy does not use a parent's refusal to consent to one service or activity to deny the parent or student any other service, benefit, or activity of Scholar Academy, or to fail to provide a student with a FAPE.
3. If, at any time subsequent to the initial provision of special education or special education and related services, the parent of a student with disabilities revokes consent in writing for the continued provision of special education or special education and related services, Scholar Academy:
  - a. May not continue to provide special education and related services to the students, but must provide Written Prior Notice to the parent before ceasing the provision of special education and related services;
  - b. May not use the due process procedures in order to obtain agreements or a ruling that the services may be provide to the student;
  - c. Will not be considered in violation of the requirement to make FAPE available to the student, and
  - d. Is not required to convene an IEP Team meeting or develop an IEP for the student.
4. Consent means that the parent(s) understand that the granting of consent is voluntary on the part of the parent and may be revoked at any time. (§300.9) If a parent revokes consent, that revocation is not retroactive, that is, it does not negate an action that occurred after consent was given and before the consent was revoked.

**M. Documentation of Participation. 34 CFR §300.501; USBE SER IV.B.**

1. All members of the IEP Team will sign the IEP document indicating that they participated in the development of the IEP. A parent's signature on the IEP does not mean that the parent is in full agreement with the content of the IEP and does not abrogate the parental right to access the Procedural Safeguards of the IDEA.
2. If Scholar Academy, despite at least two documented attempts, is unsuccessful in having parental attendance at the meeting, the rest of the IEP Team shall proceed with the meeting.
3. Parents may participate via telephone conference or videoconference.

4. Parents will be provided with a copy of the completed IEP at no cost, and Written Prior Notice of the Scholar Academy's intent to implement the program and services in the IEP. This Notice is embedded in the IEP form. If Scholar Academy refuses to include in its offer of FAPE as detailed on the IEP services or program modifications the parent has requested, a Written Prior Notice of that refusal is provided to the parent.

**N. Changes to the IEP. 34 CFR §300.324(a)(4,6); USBE SER III.I.2**

1. In making changes to the IEP after the annual IEP Team meeting for a school year, the parent(s) of a student with a disability and Scholar Academy may agree not to convene an IEP meeting for the purposes of making those changes and instead develop a written document to amend or modify the student's current IEP.
2. Changes to the IEP may be made at the request of any member of the IEP Team in a meeting or by amendment to the existing IEP.
3. Changes may be needed if there is new information about the student's performance.
4. Amendments to the IEP without a team meeting may be made only with the agreement of Scholar Academy and the parent.
  - a. Amendments such as a change in the amount of special education or special education and related service that is no more than 30 minutes per week, a change of location that is no more than 60 minutes per week, or a goal change that is the next logical step forward or backwards and is based on the student's progress may be made without a team meeting.
  - b. If the change involves a move on the continuum of Least Restrictive Environment placement options, or the amount of services to be changed is more than indicated above, or a service is to be added, an IEP Team meeting is held with a Notice of Meeting to all team members.
5. Upon request, the parent will be provided with a copy of the amended IEP including Written Prior Notice that these additional actions or changes in actions are going to be implemented.
6. If changes are made to the student's IEP through the amendment process, Scholar Academy ensures that the student's IEP Team, including teachers and related service providers of the student, is informed of those changes.

**O. Transition from School to Post-School Settings. (USBE SER VII.B)**

Scholar Academy services students in grades Kindergarten through 6. Transition from school to post-school settings is not applicable.

#### IV. Procedural Safeguards.

Scholar Academy, consistent with the requirements of Part B of the IDEA and the USBE Special Education Rules, has established, maintains, and implements Procedural Safeguards for students with disabilities and their parent(s), as described below.

**A. Opportunity for Parental Participation in Meetings. 34 CFR §300.501; USBE SER IV.B.**

Scholar Academy affords parents the opportunity to participate in all decisions related to the location, identification, evaluation, and provision of FAPE for their student, including decisions related to the Discipline requirements of Part B of the IDEA. This includes arranging meetings at a mutually convenient time and place, providing Notice of Meeting at least one week prior to a scheduled meeting, and making at least two documented attempts to obtain parent participation in meetings.

**B. Independent Education Evaluation (IEE). 34 CFR §300.502 USBE SER IV.C**

1. Independent educational evaluation (IEE) means an evaluation conducted by a qualified examiner who is not employed by or contracted with Scholar Academy responsible for the education of the student in question.
2. Scholar Academy has established and implements the following policies and procedures related to independent educational evaluation that meets the requirements of Part B of the IDEA and the USBE SER.
  - a. The parents of a student with a disability have the right to obtain an independent educational evaluation of the student at public expense if they disagree with an evaluation obtained by Scholar Academy.
  - b. Upon request for an independent educational evaluation, Scholar Academy provides a copy of Scholar Academy's written criteria for IEEs, including information about what Scholar Academy will pay for, a list of potential evaluators, and, if available, the range of fees each evaluator charges. Scholar Academy updates this list periodically to reflect any changes in fees and evaluators.
  - c. Additional criteria for the evaluation are that the evaluation procedures meet all of the same standards as those listed in Section II.D–H of this Policy and Procedures Manual.
  - d. If Scholar Academy's criteria include a monetary cap on IEEs, the criteria also allow parent(s) the opportunity to request a waiver in the student's circumstance.
  - e. In addition, Scholar Academy considers any other evaluator or agency proposed by the parent(s) to conduct the IEE if the examiner and the evaluation meet Scholar Academy's criteria. A qualified examiner is one who meets the USBE criteria for qualified personnel as a special education teacher, school psychologist, psychologist with expertise in

administration and analysis of assessments, or other equivalent qualifications as determined by Scholar Academy.

- f. Scholar Academy either pays for the full cost of the evaluation or ensures that the evaluation is otherwise provided at no cost to the parent(s).
  - g. When parent(s) requests an IEE, either Scholar Academy files a due process complaint to request a hearing to show that its evaluation is appropriate or it ensures that the independent educational evaluation is provided at public expense, unless Scholar Academy demonstrates in a hearing that the evaluation obtained by the parent(s) did not meet Scholar Academy criteria as described above. If a Due Process Hearing Officer finds Scholar Academy evaluation was appropriate, an IEE obtained by the parent(s) is considered by the team, but not at public expense.
  - h. Parent(s) is entitled to only one IEE at public expense each time Scholar Academy conducts an evaluation with which the parent(s) disagrees.
  - i. If the parent(s) obtains an IEE at public expense or shares an evaluation obtained at private expense with Scholar Academy, the results of the evaluation, if it meets Scholar Academy's criteria, are considered by Scholar Academy in any decision made with respect to provision of a FAPE to the student.
  - j. Except for the criteria described above, Scholar Academy does not impose additional conditions or timelines related to obtaining an IEE at public expense.
3. An independent educational evaluation conducted at Scholar Academy's expense becomes the property of Scholar Academy, in its entirety.

**C. Written Prior Notice. 34 CFR §300.503; USBE SER IV.D.**

Scholar Academy provides Written Prior Notice to parents a reasonable time before it proposes to initiate or change, or refuses to initiate or change, the identification, evaluation, or provision of a free appropriate public education to the student.

      - (A) The notice is translated orally or by other means to the parent(s) in his/her native language or other mode of communication;
      - (B) The parent(s) understands the content of the notice; and

  5. A person otherwise qualified to be a surrogate parent is not an employee of Scholar Academy solely because he or she is paid by Scholar Academy to serve as a surrogate parent.

  - b. If, as a result of the hearing, Scholar Academy decides that the information is not inaccurate, misleading, or otherwise in violation of the privacy or other rights of the student, it must inform the parent(s) of the right to place in the records it maintains on the student a statement commenting on the information or setting forth any reasons for disagreeing with the decision of Scholar Academy.
  - c. Any explanation placed in the records of the student under this section must be maintained by Scholar Academy as part of the records of the student as long as the record or contested portion is maintained; and if the records of the student or the contested portion is disclosed by Scholar Academy to any party, the explanation must also be disclosed to the party.

However, a permanent record of a student's name, address, and phone number, his or her grades, attendance record, classes attended, grade level completed, and year completed may be maintained without time limitation. Each student's records may be considered "no longer needed to provide educational services" and may be destroyed three (3) years after the student graduates or three (3) years after the student turns 22.

14. Students' rights.

The rights of privacy afforded to parents are transferred to the student who reaches the age of 18, providing the student has not been declared incompetent by a court order, including the rights with regard to education records.

2. Reviewing and revising IEPs.
  - a. After a student with a disability is placed in a private school or facility, any meetings to review and revise the student's IEP may be initiated and conducted by the private school or facility at the discretion of Scholar Academy.

    - i. Are involved in any decisions about the student's IEP; and
    - ii. Agree to any proposed changes in the IEP before those changes are implemented.

However, Scholar Academy must include that student in the population whose needs are addressed consistent with Rule VI.B.
2. Disagreements between the parents and Scholar Academy, regarding the availability of a program appropriate for the student, and the question of financial reimbursement, are subject to the State complaint and due process procedures in Rule IV.G-V.

If the parents of a student with a disability, who previously received special education and related services under the authority of Scholar Academy, enroll the student in a private preschool, elementary school, or secondary school without the consent of or referral by Scholar Academy, a court or a hearing officer may require Scholar Academy to reimburse the parents for the cost of that enrollment if the court or hearing officer finds that Scholar Academy had not made a FAPE available to the student in a timely manner prior to that enrollment and that the private placement is appropriate. A parental placement may be found to be appropriate by a hearing officer or a court even if it does not meet the State standards that apply to education provided by the USBE and Scholar Academy.
4. The cost of reimbursement may be reduced or denied if:
  - a. At the most recent IEP Team meeting that the parents attended prior to removal of the student from the public school, the parents did not inform the IEP Team that they were rejecting the placement proposed by Scholar Academy to provide a FAPE to their student, including stating their concerns and their intent to enroll their student in a private school at public expense; or
  - b. At least ten (10) business days (including any holidays that occur on a business day) prior to the removal of the student from the public school, the parents did not give written notice to Scholar Academy of the information described in VI.C.4.a;
  - c. Prior to the parents' removal of the student from the public school, Scholar Academy informed the parents, through the written prior notice requirements of its intent to evaluate the student (including a statement of the purpose of the evaluation that was appropriate and reasonable), but the parents did not make the student available for the evaluation; or
  - d. Upon a judicial finding of unreasonableness with respect to actions taken by the parents.
5. Notwithstanding the requirements for parents to provide notice to Scholar Academy prior to removal of the student, the cost of reimbursement:
  - a. Must not be reduced or denied for failure to provide the notice if:
    - i. The school prevented the parents from providing the notice;

- ii. The parents had not received written prior notice of the notice requirement in VI.C.4.a-b; or
  - iii. Compliance with the notice requirements in USBE SER VI.C.4.a-b would likely result in physical harm to the student; and
- b. May, in the discretion of the court or a hearing officer, not be reduced or denied for failure to provide this notice if:
  - I. The parents are not literate or cannot write in English; or
  - II. Compliance with USBE SER VI.C.4.a-b would likely result in serious emotional harm to the student.
